REPORT

ON THE

Administration of Cochin.

FOR THE YEAR

1060 M. E.—1884-85 A. D.

Judicial.

Civil Justice.

Original Jurisdictibn.—The total number of Original Suits received and decided by the Zillah and Munsiff's Courts, during the year under report, is shewn in the subjoined statement :—

COURTS.	1059.			1060.			
	Pending.	Filed.	Decided.	Pending.	Filed.	Decided.	Remaining.
Zillah Courts.							
Anjikaimal	183	123	117	189	129	168	150
Trichoor...............	38	97	100	35	93	93	35
Total..	221	220	217	224	222	261	185
Munsiffs' Courts.							
Ernacollum............	240	2,032	2,026	246	2 289	2,307	228
Irinjalacodah.........	28	1,070	1,033	65	1,125	1,127	63
Trichoor................	74	1,864	1,856	82	2,100	2,059	123
Wadakancherry.......	127	1,352	1,361	118	1,386	1,380	124
Chittoor...............	100	689	727	62	755	783	34
Total...	569	7,007	7,003	573	7,655	7,656	572
Grand Total..	790	7,227	7,220	797	7,877	7,917	757

2. It will be seen from the above statement that the total number of Original Suits instituted during the year was 7,877 as against 7,227 in 1059. This together with the 797 cases pending at the beginning of the year amounted to 8,674 or 657 more than in the previous year.

3. The aggregate number of cases disposed of during the year under review was 7,917 or 697 more than in the year preceding, and the balance left at the close of the year was 757 as against 797 in the previous year.

4. Of the 7,917 cases disposed of during the year 7,656 were decided by the Munsiffs and the remaining 261 by the Zillah Courts.

5. Of the 7,656 cases disposed of by the Munsiffs, 2,058 were decided on the merits; 3,629 decided *ex parte*, 842 decreed on admission, 987 on compromise and 140 struck off for default or otherwise disposed of.

6. Of the 261 Original Suits disposed of by the Zillah Courts, 164 were decided on the merits, 49 decided *ex parte*, 2 decreed on admission, 35 on compromise and 11 struck off for default or otherwise disposed of.

7. The total number of contested original suits disposed of during the year is 2,222 as against 1,858 in the previous year. These were distributed among the several Courts as follows :—

Anjikaimal Zillah Court	110
Trichoor do. do.	54
Ernacollum Munsiff's Court ...	658
Irinjalacodah do. do. ...	294
Trichoor do. do. ...	494
Wadakancherry do. do. ...	355
Chittoor do. do. ...	257
Total	2,222

8. Of these 1,383 were decided wholly in favor of Plaintiffs, 597 wholly in favor of Defendants and 242 were decisions partly in favor of Plaintiffs and partly in favor of Defendants.

9. The average duration of the original contested suits disposed of by the several Courts during the year under report as compared with that of the preceding year is given below :—

COURTS.	1059		1060	
	Months.	Days.	Months.	Days.
Zillah Courts.				
Anjikaimal...........	28	3	25	21
Trichoor..............	5	27	5	26
Munsiffs Courts.				
Ernacollum	3	12	3	23
Irinjalacodah..........	1	23	1	28
Trichoor..............	1	9	1	17
Wadakancherry........	4	11	2	1
Chittoor..............	2	1	1	27

10. *Appellate Jurisdiction.*—The subjoined table shows the number of Appeals filed and decided during the year 1060 as well as of those pending at its commencement and close as compared with the preceding year :—

COURTS.	1059			1060			
	Pending.	Filed.	Decided.	Pending.	Filed.	Decided.	Remaining
Anjikaimal Zillah Court...	225	151	146	230	182	183	229
Trichoor Zillah Court....	41	243	252	32	247	243	36
Total..	266	394	398	262	429	426	265

11. It will be seen from the above that 262 Appeals were pending at the commencement of the year under report. This together with the 429 Appeals filed during

the year amounts to 691 or 31 more than in the previous year. Of these 426 Appeals were disposed of during the year leaving a balance of 265 for the current year. The particulars of the 426 Appeals disposed of during the year under review are given below:—

In favor of Appellants	70
In favor of Respondents	255
Modified	51
Remanded	8
Withdrawn or struck off	42
Total	426

12. The average duration of the Appeals disposed of by the two Zillah Courts during the year reported on was as follows:—

	1059.		1060.	
	Months.	*Days.*	*Months.*	*Days.*
Anjikaimal ...	22	22	20	14
Trichoor ...	1	23	1	28

13. With reference to the average duration of Appeals and Original Suits, the Trichoor Zillah Court contrasts very favorably with that of Anjikaimal.

14. The working of the Appeal Court during the year under review as compared with that of the previous year is shown below:—

COURTS.	1059.			1060.			
	Pending.	Filed.	Decided.	Pending.	Filed.	Decided.	Remaining.
Regular Appeals..........	67	56	79	44	97	84	57
Special Do.	24	73	81	16	87	80	23
Total...	91	129	160	60	184	164	80

15. It will be seen from the above statement that 97 Regular Appeals were filed during the year, of which, 57 were against the decrees of the Anjikaimal Zillah Court and 40 against those of the Trichoor Zillah Court.

16. These together with the 44 Appeals left undisposed of at the close of the preceding year amounted to 141. Of these 84 were disposed of during the year under report leaving a balance of 57 for the current year.

17. This number includes 17 cases decided by the Judges sitting singly under Section 12 of Reg: I of 1057.

18. The above 84 Appeals were disposed of in the following manner:—

In favor of Appellants....................	10
In favor of Respondents..................	50
Modified	12
Remanded.....................................	5
Withdrawn or struck off	7
Total...	84

19. The number of Special Appeals filed during the year is 87 which together with the 16 left undisposed of at the beginning of the year makes a total of 103. Of these, 80 were disposed of during the year reported on leaving a balance of 23 for the current year.

20. These 80 Special Appeals were disposed of in the following manner:—

For Special Appellant	17
For Special Respondent	52
Modified..	4
Remanded.....................................	1
Withdrawn or otherwise disposed of...	6
Total...	80

21. The average duration of the Regular and Special Appeals disposed of during the year was 5 months and 3 days as against 5 months and 4 days in the previous year. In addition to the above the Judges have disposed of 20 Special Appeals which had been referred to them for disposal by His Highness the Rajah.

22. *Special Appeals to His Highness the Rajah.*—Before Regulation I of 1057, establishing His Highness the Rajah's Court of Appeal, came into force there had been received 179 Special Appeals to His Highness the Rajah, and 5 were preferred subsequent to the said enactment, making a total of 184. Of these 67 were dismissed for default and 33 for non-compliance with the prescribed conditions; 11 were withdrawn; 27 were decided in confirmation of the decrees of the Appeal Court and 5 in reversal or modification; leaving 41 Special Appeals pending at the close of 1060.

23. *Execution of Decrees.*—The total number of decrees executed wholly and partly by the Zillah and Munsiffs' Courts during the year was 2,797 as against 2,472 in the year previous. Of these, the number executed by the Zillah Courts was 388.

24. The aggregate number of decrees pending execution at the close of the year under report was 2,119 as against 2,027 in the preceding year. Of these, 217 were in the Zillah Courts and the remaining 1,902 in the Munsiffs' Courts.

25. *Receipts from Fees, &c.*—The Institution fees collected by the Original and Appellate Courts during the year amounted to Rupees 65,516-5-8 and the Stamp Penalties to Rupees 15,185—14—9 making a total of

Rupees 80,702-4-5 while the collections under these heads during the previous year were Rupees 58,529-7-4 and Rupees 14,361-7-7 respectively making a total of Rupees 72,890-14-11.

26. The total expenditure on account of the Judicial Department during the year amounted to Rs. 61,511-1-6.

Criminal Justice.

27. *Original Jurisdiction.*—The Second and Third Class Magistrates' Courts entertained, during the year under review, 1,958 cases involving 3,994 persons which, together with the 12 cases involving 55 persons received by transfer or on reference from other Courts and the 69 cases involving 162 persons pending at the commencement of the year, made a total of 2,039 cases involving, 4,211 persons.

28. Of these 2,039 cases involving 4,211 persons 17 cases involving 48 persons were transferred to other Courts and in 2 cases the accused died or escaped, the number of persons who "died or escaped" being 5. Thus there were 2,020 cases involving 4,158 persons for disposal.

29. Of these 2,020 cases involving 4,158 persons, 1,975 cases involving 4,049 persons were disposed of during the year under review, leaving a balance of 45 cases involving 109 persons for the current year.

30. The District Magistrate of Anjikaimal entertained 43 cases involving 108 persons during the year which together with the 3 cases involving 9 persons

pending at the commencement of the year, amounted to 46 cases involving 117 persons. These 46 cases were all disposed of during the year under review.

31. The District Magistrate of Trichoor had 14 cases involving 40 persons for disposal which were all disposed of.

32. Thus the total number of cases disposed of by the Magistracy during the year under review was 2,035 affecting 4,206 persons as against 1,358 cases affecting 2,320 persons in the preceding year.

33. The persons tried by the Magistracy have been dealt with as shown below:—

Convicted and punished	1,331
Acquitted and discharged	1,718
Committed or referred	145
Otherwise disposed of	1,012
Total	4,206

34. It will be seen from the above that acquittals have been in the ratio of 40·8 per cent. as against 47 per cent. in the preceding year.

35. The persons convicted by the Magistracy have been punished as follows:—

	No. of Persons.
Fined only	670
Whipped	128
Imprisoned only	427
Imprisoned and fined	106
Total	1,331

36. The subjoined statement shows the number of Appeals, admitted and disposed of and the arrears left at the commencement and close of the year under review in the two District Magistrates' Courts.

Courts.	1060.									
	Pending.		Filed.		Total.		Disposed of.		Pending.	
	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.
Anjikaimal District Magistrate's Court.	4	4	82	174	86	178	80	164	6	14
Trichoor Do. Do.	0	0	69	139	60	139	89	139	0	0
Total.	4	4	151	313	155	317	149	303	6	14

37. From the above it appears that 151 appeals affecting 313 persons were preferred to the District Magistrates from the decisions of the 2nd and 3rd Class Magistrates. These together with the 4 appeals affecting 4 persons which were pending disposal at the beginning of the year under a total of 155 appeals affecting 317 persons. Out of these 149 appeals affecting 303 persons were disposed of during the year reported on as shown below:—

	No. of persons.
In cases rejected on perusal of Appeal petitions and judgments..................	24
In cases in which after perusal of records, sentence was confirmed....................	165
In cases in which sentence was reduced.........	22
In cases in which sentence was reversed......	77
Otherwise disposed of	15
Total...	303

38. Six appeals affecting 14 persons stood over for the current year and these were on the file of the Anjikaimal District Magistrate's Court.

39. The average duration of a case in appeal was 31 days in the Anjikaimal and 10 days in the Trichoor District Magistrates' Court.

40. Forty-six cases affecting 119 persons were committed by the Magistrates to the Sessions Courts during the year under review, as against 35 cases affecting 102 persons in the year previous. These together with the 1 case affecting 1 person pending at the beginning of the year made a total of 47 cases affecting 120 persons, all of which were disposed of during the year under report as shown below:—

	Pending.		Committed.		Total.		Disposed of.		Remaining.	
	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.	Cases.	Persons.
Anjikaimal	0	0	17	54	17	54	17	54		
Trichoor	1	1	29	65	30	66	30	66		
Total...	1	1	46	119	47	120	47	120		

41. The general result of the trials was as follows:

73 persons or 60·8 per cent. were convicted and
47 or 39·1 per cent. were acquitted.

42. The sentence against 1 person was referred to the Appeal Court for confirmation under Section 27 of Regulation II of 1059 by the Trichoor Sessions Court.

43. The 73 persons convicted by the Sessions Courts were punished as follows:—

6 were sentenced to fine only.
5 do. do. to simple imprisonment.
37 do. do. to rigorous imprisonment.
25 do. do. to imprisonment and fine.

44. The average duration of Sessions trials during the year reported on was 3 days and 2 days in the

Anjikaimal and Trichoor Sessions Courts respectively as against 4 days and 3 days in the preceding year.

45. Nine appeals affecting 35 persons were preferred to the Sessions Courts during the year under review as against 31 appeals affecting 108 persons in the previous year. These together with the 8 appeals affecting 36 persons pending at the commencement of the year make a total of 17 appeals affecting 71 persons. These 17 appeals were all disposed of within the year with the result that the sentences of the lower Court were confirmed in the case of 23 persons, altered in the case of 10 persons and reversed in the case of 38 persons.

46. The average duration of an appeal was 266 days in the Anjikaimal Sessions Court and 20 days in the Trichoor Sessions Court.

47. As Courts of revision, the Sessions Courts entertained 23 applications for revision of sentences passed by the Magistrates which together with the 5 applications pending at the commencement of the year made a total of 28. Of this total 27 applications were disposed of during the year under review and 1 was left undisposed of on the file of the Trichoor Sessions Court.

48. Ten appeals affecting 13 persons were preferred to the Appeal Court during the year under review as against 6 appeals affecting 20 persons in the preceding year. These together with the 2 appeals affecting 8 persons pending at the commencement of the year, gave a total of 12 appeals affecting 21 persons for disposal, of which 11 appeals affecting 19 persons were disposed of within the year as shown below:—

	Persons.
Sentence Confirmed................	6
Do. Modified	12
Do. Reversed.....................	1

49. One appeal affecting 2 persons which was left undisposed of was filed only in the last month of the year.

50. The average duration of an appeal disposed of by the Appeal Court during the year under review was 28 days as against 29 in 1059.

51. As a Court of reference the Appeal Court disposed of 1 case affecting 1 person in which life imprisonment was awarded.

52. The time taken up in disposing of this case was 16 days.

53. As a Court of revision the Appeal Court received 49 applications under Section 327 of the Criminal Procedure Code for revision of sentences, which together with the 2 applications pending at the commencement of the year, gave a total of 51. Of these, 36 were disposed of during the year under review leaving a balance of 15 applications for the current year.

54. There were also 28 Criminal Miscellaneous petitions for disposal during the year under report. Of these 24 were disposed of within the year and 4 remained undisposed of for the current year.

55. The Appeal Court had also to revise 157 calendars out of 259 received during the year under review.

56. In 29 cases proceedings were issued pointing out irregularities of law and procedure.

57. There were 186 prisoners in the Jails of Ernacollum and Trichoor on the close of 1059 and 515 admissions during the year under report, making a total of 701 prisoners. Of these 455 were judicially released by expiry of sentence, payment of fine, &c., and 4 died, leaving 242 prisoners at the end of the year.

58. Of the prisoners remaining 2 were under trial, 13 were civil debtors and 3 detained under remand by the Magistracy, and the other 224 were convicts under sentence as stated below:—

Rigorous imprisonment		for life	30
Do.	do.	for more than 7 years ...	46
Do.	do.	do. 2 years...	38
Do.	do.	do. 6 months.	49
Do.	do.	not more than 6 months.	51
Simple imprisonment		for more than 6 months.	1
Do.	do.	for not more than 6 months.	9
		Total	224

59. The average daily number in Jail was 215, against 157 in the previous year. The increased average has arisen from the enlarged jurisdiction conferred on the Magistracy, the consequent increase in remands and convictions and the greater number of prisoners consigned by those authorities to the District Jails.

60. The prisoners are now chiefly employed in the repair and maintenance of the public roads.

61. The charges incurred for the maintenance of Jails, exclusive of the cost of the Medical Establishment,

and of medicines obtained from Europe, against Rupees 18,724-12-4 in the previous year are shown below:—

Diet	Rs.	9,847-14-10
Clothing	,,	416-12—9
Guards, &c...............	,,	3,963—0—0
Repairs	,,	20,733—1-10
Total	Rs.	34,960-13—5

62. From the report of the Medical Officer, it appears that the admissions to the Ernacollum Jail Hospital were 126 against 101 in the preceding year. There were no deaths. The health of the prisoners on the whole was very good. In the Jail Hospital at Trichoor, 99 cases were admitted during the year of which, four died from general dropsy, one from ague and one from syphilis.

Police.

Introduction of the New Police in the Trichoor District.

63. In the year under report, the new system of Police was introduced throughout the District of Trichoor, the other District *i. e.* Anjikaimal having been brought under its operations in the previous year.

Police Division.

64. The taluqs of Trichoor, Tallapilly and Chittoor, which compose the District of Trichoor were, for police purposes designated as **E F** and **G** divisions, the four taluqs which are comprised in the district of Anjikaimal having been named in the preceding year as **A B C** and **D** Divisions.

65. The dates on which the new system was introduced into the various taluqs are as follow :—

Dates of Introduction.

Kanayanoor or **A** Division	on the	1st Kumbhom 1059 (11th February 1884).
Cochin ...... or **B**	,,	1st Kumbhom 1059 (11th February 1884).
Codungalore or **C**	,,	1st Meenom 1059 (12th March 1884).
Mugundapurom or **D**	,,	1st Karcadagam 1059 (15th July 1884).
Trichoor ... or **E**	,,	1st Thulam 1060 (15th October 1884).
Tallapilly ... or **F**	,,	1st Vrischigom 1060 (14th November 1884).
Chittoor ... or **G**	,,	1st Edavom 1060 (13th May 1885).

66. It will therefore be seen that by the time the New Police assumed charge of the whole State, the year under report was drawing to a close.

67. At the beginning of the year the Force inclusive of the Reserve was 284 strong. At the end the total strength amounted to 354 which stood distributed as follows :—

Constitution of the Force

Divisions.	Inspectors.	Sub-Inspectors.	Drill Instructors.	Head Constables.	Constables.	Recruits.	Total.
Kanayanoor or **A** Division ..	1	0	0	6	37	0	44
Cochin or **B** ,, ...	1	0	0	7	40	0	48
Codungalore or **C** ,, ...	0	0	0	3	15	0	18
Mugundapuram or **D** ,, ...	1	0	0	7	47	0	55
Trichoor or **E** ,, ...	1	0	0	7	44	0	52
Tallapilly or **F** ,, ...	1	0	0	9	48	0	58
Chittoor or **G** ,, ...	1	1	0	5	41	0	48
Reserve ...	1	0	1	2	11	16	31
Total...	7	1	1	46	283	16	354

68. Police powers, however, not being conferred on the Drill Instructor or the recruits in the Reserve the strength employed in actual executive work consisted only of 54 officers and 283 men. Consequently the proportion of the Police to population was as 1 to 1781·24 and to area as 1 to 4·04 square miles.

Ratio.

Division into Castes.

69. Divided into castes the Force, including the Reserve, consisted during the year, of,

Caste.	Inspectors.	Sub-Inspectors.	Drill Instructors.	Head Constables.	Constables.	Recruits.	Total.
East Indians	1	0	0	3	0	0	4
Brahmins	1	1	0	3	9	1	15
Mahrattas..............	1	0	0	0	0	0	1
Ellayathoos	0	0	0	1	0	0	1
Nairs..................	4	0	0	25	203	8	240
Hindus of other castes ..	0	0	1	6	22	1	30
Native Christians	0	0	0	3	16	2	21
Mahomedans	0	0	0	5	33	4	42
Total..	7	1	1	46	283	16	354

Classification of rank.

70. Classified according to rank there were,

			Pay.		*Allowance.*
1	First Class Inspector on	Rs.	60	&	15
1	Second „ „	„	50	&	15
3	Third „ „	„	40	&	15 each.
1	Fourth „ „	„	35	&	15
1	Fifth „ „	„	30		
1	Sub-Inspector	„	25		
11	First Grade Head Constables on	„	15 each.		
16	Second „ „ „	„	12 „		
19	Third „ „ „	„	10 „		
87	First Class Constables	„	7 „		
196	Second „ „	„	6 „		

Stations.

71. There are 32 stations, each working independently of the other except Nelliampathy which, as a temporary measure, was worked during the year from and together with Nemara. The lowest strength of any one station is one officer and four men.

72. Of the 32 station houses those at Ernacollum, Turuticara, Vellarapilly, Andicadavoo, Narakel, Codungalore, Adoor, Shalacoodi, Carupadnum, Nellayi, Unthicaud, Wadakanchery, Kunencolum, Chelakara, Cheruthurthy, Erumaputti, Chittoor, Meenachipuram, Colinjampara and Tattamangalom are new buildings constructed expressly for the purpose. The rest are tannahs used by the old police which have been altered so as to meet the requirements of the new organization. These tannahs may gradually have to be replaced by new structures.

Station Houses.

73. The Superintendent made 18 tours of inspection and no station was left unvisited during the year. The number of visits paid to each station will be seen from the subjoined statement:—

Isnpections.

STATIONS.	Visits.	STATIONS.	Visits.
Kanayanoor or A Division.		**Trichoor or E Division.**	
Ernacollum Cusbah ..	7	Trichoor Cusbah ..	6
Tripoonitorah ..	2	Putticaud ..	3
Turuticara ..	2	Ooragom ..	3

Nellayi ..	2	Nemara ..	2

The Reserve.

74. The sanctioned strength of the Reserved is:

1 Reserve Inspector.
2 First Grade Head Constables.
2 Second " " "
2 Third " " "
13 First Class Constables.
13 Second " "

As the Reserve was principally used as a nursery where officers and men were trained and sent out from time to time for executive work, it was not maintained at its full strength throughout the year.

Enlistment.

75. Candidates seeking police employ are in the first instance selected by the Superintendent himself; such as are considered eligible by him are then sent for physical examination by the Sirkar Medical Officers. Those declared by them as unfit for hard work are rejected and a roll of the rest is forwarded to the District Magistrates with a request that they will notify to the Superintendent any objections that the Magistracy or their subordinates may have to offer against them, and if any particular man is objected to, he is at once discharged. This is done in view to obviate the entry into the service of doubtful characters.

Casualties

76. During the year 2 Head Constables and 3 Constables died, 1 Head Constable and 3 Constables resigned and 20 recruits deserted.

Education.

77. No man is taken who is not able to read and write tolerably well, the only exception made being in favour of Mahomedans, who as a class are exceedingly backward in education. Even with this concession there are very few seeking admission into the service.

78. There was but one examination held for the Station Officer's Test during the year, the subjects prescribed being:

I. Evidence Act.
II. Penal Code.
III. Criminal Procedure Code.
IV. Police Regulation and Circular Orders.

79. The examination, except in the matter of the departmental paper which was set by the Superintendent, was conducted by a Taluq Magistrate. Two men passed.

80. In the Constables' test, which is of course an easy one, 113 men passed.

81. There were also examinations in Drill exercise, the Instructor being a pensioned Havildar of the Madras Military Establishment.

Rewards.

82. One Inspector, 1 Head Constable and 8 Constables received money rewards amounting in the aggregate to Rs. 164-11-3, for seizing contraband liquor and brandy during the year, while 2 Inspectors, 9 Head Constables and 12 Constables were promoted to higher grades.

Punishments.

83. The conduct of the Inspectors during the year was in the main satisfactory. Two of them were, however fined for delay in submitting Returns. For breaches of discipline and other departmental misconducts, 7 Head Constables and 23 Constables were punished by the award of black marks; 1 Head Constable and 9 Constables by extra drill and work; 4 Head Constables and 78 Constables by fine; 3 Head Constables and 12 Constables by suspension; 2 Head Constables and 6 Constables by reduction; and 2 Head Constables and 17 Constables by dismissal.

84. In the majority of instances the offending Constables appeared to have had no conception that their acts were wrongful. Irregular attendance—overstaying leave—quitting the station without sanction—seemed to them to be matters of no account whatever; still in the interests of discipline punishment had to be inflicted.

85. The cases in which fine was imposed may perhaps appear too many; but experience shows that this mode of punishment is the only one which is calculated to make the desired impression on the policeman.

Prosecutions against Police Officers.

86. There were three criminal prosecutions instituted under departmental orders. One was for criminal misappropriation by a Constable of a cloth belonging to a comrade. He was tried, convicted and sentenced to 1 day's simple imprisonment and a fine of Rs. 5. Another was against a Constable who extorted Rs. 5 from a man whom he had seized in the act of smuggling salt. The third was against a Head Constable, who in conjunction with a Parvathicaren (the revenue official head of a village) had extorted money in connection with an inquest. Both were convicted by the District Magistrate and sentenced each to 6 months' imprisonment, but were on appeal acquitted by the Sessions Judge.

87. There were 6 prosecutions against the Police by private individuals. In one case 1 Inspector, 1 Head Constable and 2 Constables were charged with assault, the complainant being one whom the Police was prosecuting for resistance to the Police in the execution of their duty. All the police officers were acquitted by the District Magistrate before whom the trial was held. In another case in which 4 Constables were accused of causing hurt a conviction was had, the men being

sentenced to small fines. One Constable who was tried on a similar charge before another Taluq Magistrate was acquitted. One Constable who was tried for assault and wrongful confinement and 2 for assault and wrongful restraint were also acquitted. The remaining case was one in which 1 Head Constable and 1 Constable were accused of murder. The death was registered as an occurrence; but on complaint preferred immediately by the relatives of the deceased the Taluq Magistrate took the case into his hands and after a protracted enquiry discharged the accused police officers.

Crimes Generally.

88. During the year, 1,075 cases were reported direct to the Police and 258 were referred to the Police by the Magistracy making a total of 1,333. Of these 1,015 were disposed of while 318 were pending investigation partly before the Police and partly before the Magistracy.

89. The annexed abstract shows the number of reported cognizable cases under the Penal Code and under special and local laws with the percentage of detection:

	Cases reported	Cases detected.	Percentage.	Cases referred & struck off.	Cases referred as false but not disposed of by Magistrates.	Cases compromised	Persons arrested.	Persons convicted.	Percentage.	Property Lost.	Property recovered.	Percentage.
Cognizable offences under the Penal Code	796	362	45·47	298	150	10	937	538	57·41	28,495-6-11	5,629-3-9	19·75
Offences under Special & Local laws	139	101	72·66	9	4	..	181	141	77·90	..	396-0-0	...

90. Property shown as "recovered" in cases under special and local laws is not entered under the column of "property lost" because such property consisted of smuggled articles.

91. Taking all offences whether cognizable or non-cognizable the detective results stand thus:

Detection.

Cases reported.	Cases detected.	Percentage.	Cases referred and struck off.	Cases referred as false but not disposed of by Magistrates.	Cases compromised.	Persons arrested.	Persons convicted.	Percentage.	Property Lost.	Property Recovered.	Percentage.
988	490	4,959	326	163	19	1,195	719	60·66	28,495-6-11	6,026-0-6	21·14

92. It will be observed that out of the total of 489 cases, cognizable and non-cognizable that were referred for orders to be struck off as false, 163 cases were at the close of the year awaiting the orders of the Magistracy.

93. Of the graver kinds of crime there were 4 cases of murder reported during the year, in which 8 persons were concerned. Of the 4 cases 3 were referred by the Magistracy but on enquiry by, and report of the Police, they were struck off as false, deaths having been found to have occurred from natural causes. In one of these cases action was taken upon a petition addressed by one altogether unconnected with the deceased, while in the two others the reference by the Magistrate was made on anonymous petitions.

Grave crimes only.

In the remaining case the Police charged the accused and obtained a conviction, the sentence passed being one of life imprisonment.

94. Four cases were reported, three were struck off as false, and the remaining one was under investigation at the close of the year.

Culpable homicide.

95. Twenty-seven cases were reported; of which 12 were referred and struck off as false, and 6 were referred also as false but no orders were passed by the Magistrate till the end of the year. Of the remaining 9 cases 5 were charged. In 2 cases convictions were obtained and 1 case ended in acquittal. Two were pending before the Magistracy at the close of the year. In 4 cases the enquiry had not been concluded by the Police. In all there were 233 persons concerned, of whom 21 were arrested; of those arrested 5 were convicted, 6 were acquitted, 9 were under trial before the Magistracy and 1 under Police investigation. The property involved was valued at Rs. 10,88–11–3 of which property worth Rs. 278–2–0 was recovered. The percentage of convictions was 23·80 and of property recovered 25·55.

Dacoities.

96. There were 54 cases, property lost being Rupees 409—0—7 and number of persons concerned being 136; 24 cases were struck off as false; 4 referred as false, were awaiting orders of the Magistrate. Sixteen cases were charged; convictions were obtained in 10 cases while 6 cases terminated in acquittals; and the remaining 10 were pending investigation before the Magistracy and the Police at the end of the year. Of the 32 persons who were arrested 16 were convicted, 10 acquitted, and the rest awaiting trial. The percentage of convictions was 50 and of the property recovered 29·09.

Robberies.

97. One hundred and seventy cases were reported during the year, of which 30 were referred and struck off; 25 referred but not disposed of; convictions were obtained in 53 cases; 15 cases resulted in acquittals and 47 were pending disposal at the close of the year. Of Rs. 9,625–15–4 worth of property lost Rs. 1,160–2—11 was recovered; and of 117 persons arrested, 70 were convicted and 36 acquitted, no final orders having been passed as regards the rest.

House-breaking

98. There were 612 cases reported; 156 referred and struck off; 75 referred but not disposed of. In 242 cases convictions were had, 70 cases resulted in acquittals, and 69 were pending at the end of the year. Of Rs. 14,689–12–5 worth of property, Rs. 3,307–5–5 was recovered and of 543 persons arrested 346 were convicted, 158 acquitted, and no final orders had been passed concerning the rest.

Thefts.

99. The Superintendent remarks that the Natives in these parts in preferring complaints exaggerate very much in respect both of the nature of the offence and the value of the property alleged to have been stolen. Most of the cases appearing in the returns as Dacoities and Robberies are magnified charges of assault, hurt or trespass; and no amount of persuasion will induce complainants to tell the real extent of their injuries or losses.

Exaggeration.

100. During the year carbines procured through the Government of Madras were issued to the Force and arrangements made for the requisite supply of swords.

Issue of arms.

101. The monthly revenue collections were escorted by the new Police from the different taluqs to the General Treasury at Ernacollum. The Military Sepoy guard, which was formerly stationed on the Putticaud Ghauts for the protection of way-farers, was relieved by Policemen detailed from the E Division. The Police also escorted passengers between Nunnicode and Meenachipuram in the taluq of Chittoor where Mulcers have been occasionally giving trouble.

Escorting Treasure.

102. There were 142 violent and unnatural deaths as shown below:—

Violent and unnatural deaths.

	Males.	Females.	Total.
Murder	1	3	4
Culpable homicide	1	0	1
Suicide	8	0	8
Accidental	67	30	97
Neglect or destitution	21	11	32
	98	44	142

103. Of the accidental deaths 2 were from snake-bites, 56 from drowning and the rest from other causes.

104. Thirty-six cases occurred in different parts of the country in which 201 houses caught fire and the value of property lost or damaged was alleged to be Rs. 15,730-13-0. No loss to human lives or animals was reported.

Accidental Fires.

Land Revenue.

105. The revenue for the year under report amounted to Rs. 6,44,828–7–9 against Rs. 6,38,230–7–1 in the previous year, showing an increase of Rs. 6,598–0–8. The increased receipts are due to a larger extent of rice cultivation having been carried on in the Trichoor Lake in consequence of a favourable season, and to the revenue recovered by assessments in some of the villages in the Adoor Gramom and Pulliporum, which yielded no revenue of late till, by the Arbitration awards, Travancore's objection to its collection by this State was removed.

106. The distribution of the revenue among the several taluqs is as follows:—

Cochin	Rs.	86,491—12—10
Canayanoor	,,	73,686— 9— 1
Mukundapuram ...	,,	1,11,832— 0— 9
Trichoor	,,	1,30,924— 0— 9
Talapilly	,,	1,37,514— 7— 4
Chittoor	,,	1,04,379— 9— 0
Total	Rs.	6,44,828— 7— 9

107. There are 17 Coffee Estates on the Nelliampathy Hills spread over an area of 8,251 acres of which, about 2,660 are under cultivation. The quit rent on these Estates amounts to Rs. 8,155–8–0 annually. From the returns of the out-turn of Coffee received from the Planters or Agents it appears that the yield for the year 1884 was lbs. 414⅓ per acre, and the total cost of cultivation Rs. 28–4–1 per acre.

Customs.

108. The total revenue of the year under report was Rs. 1,11,588-15-3 against Rs. 1,10,030-11-6 in the preceding year. The amount received from the British Government under the Guarantee was Rs. 1,08,949-15-0 and the balance Rs. 2,639-0-3 represents the receipts at the Sirkar Ports.

109. According to the Returns furnished by the Superintendent of Customs 115 vessels of an aggregate tonnage of 69,117 entered inwards and cleared outwards at the Ports of Narrakel and Mallipooram during the year, as compared with 106 vessels and 71,648 tons respectively in 1059.

110. The Port dues collected during the year amounted to Rs. 5,646-15-0 against Rs. 6,063-11-0 in the previous year.

Abkary and Opium.

111. The amount realised by the sale of the Abkary Farm in the year under report was Rs. 61,522—11—5 as compared with Rs. 60,916—11—9 in the year previous, giving an increase of Rs. 605—15—8.

112. The Opium Farm produced the sum of Rs. 19,390-13-4 which was the same as that realised in 1059, when it was sold for a continued period of 3 years.

Salt.

113. The revenue derived from this source was Rs. 3,23,614-3-4 against Rs. 2,89,362-9-7, the receipts of the previous year, which shows a large increase of Rs. 34,251-9-9. This result is in some degree accounted for by the renewal by this State of the sale of salt in the Adoor Gramom and in Pulliporam since the settlement of the Cochin-Travancore boundary disputes; by the establishment of a new bankshall at Chukitikat in Adoor and another at Ernacollum; and the increased sale of salt at other places mainly due to the endeavours made to prevent illicit home-manufacture and smuggling from foreign territory.

Registration of Deeds.

114. The total number of documents registered during the year in the six Registry Offices of the State was 17,415, of which 7 were Wills, 16,906 or 97·07 per cent, related to immoveable property and 502 or 2·8 per cent, to moveable property. In the preceding year the registrations numbered 16,046.

115. The number presented for registration in the year under review gives an average of about 1,451 per month or nearly 47 per day.

116. The total value of the deeds registered amounted to Rs. 63,02,791-1-3 distributed as follows:—

Cochin	Registry Office	.... Rs.	12,37,595— 5—10
Canayanoor	do.	.... „	9,27,987— 8— 3
Mukundapuram	do.	.... „	9,96,684— 8— 0
Trichoor	do.	.... „	7,45,844—12—11
Talapilly	do.	.... „	12,53,391— 2— 2
Chittoor	do.	.... „	11,41,287—12— 1
		Total Rupees...	63,02,791— 1— 3

117. It will be seen from the above statement that the average value of each document was Rs. 361—14—8. The largest values were registered in the Talapilly and Cochin Districts.

118. According to another classification the documents and their values appear as follows:—

5,489	deeds not exceeding		....	Rs.	50	in value
2,867	„ above Rs.	50	and not exceeding	„	100	do.
6,391	„ „ „	100	do.	„	500	do.
1,452	„ „ „	500	do.	„	1,000	do.
1,090	„ „ „	1,000	do.	„	5,000	do.
80	„ „ „	5,000	do.	„	10,000	do.
23	„ „ „	10,000	do.	„	20,000	do.
7	„ „ „	20,000	do.	„	30,000	do.
1	„ „ „	30,000	do.	„	50,000	do.
1	„ „ „	50,000	do.	„	100,000	do.
14	„ of undefined value.					
17,415						

119 The amount of fees collected and the number of documents registered in each office are hereunder specified:—

	Documents.		*Fees.* *Rs. A. P.*
Cochin	2,578	—	4,371— 2— 0
Canayanoor..................	3,636	—	4,861— 0— 0
Mukundapuram	3,056	—	4,718— 4— 0
Trichoor	2,966	—	3,724— 6— 0
Talapilly	3,492	—	4,750—10— 0
Chittoor	1,687	—	3,262—12— 0
Total...	17,415	—	25,688— 2— 0

120. It will be observed that the largest number of documents registered and the highest amount of fees realised were at Canayanoor.

121. Forty-nine documents were refused registration, of which two were admitted to registry by order of the Huzoor Registrar and one by the order of the Zillah Court. Ninety documents were registered under penalties under Sections 15 and 22 of the Registration Regulation.

122. Eighty-five general and one hundred and one special powers of attorney were attested by the Registrars; and sixty-one copies of registered documents were forwarded to other District Offices under Section 53 of the Regulation in consequence of the property being situated in more than one district.

123. The Documents registered at private residences amounted to 229 or 25 more than in the previous year.

124. The number of applications received at the District Offices for copies of documents and for making searches was 530, showing an increase of 88 as compared with the number of the preceding year.

125. The number of unclaimed documents at the end of the year was 1,050.

Education.

126. The progress and condition of the State Schools, viz: the High School and the five District Schools have been as usual reported on by the Director of Education.

127. The following table shows the strength of each class in the High School in the year under review, compared with the three preceding years:—

		1057	1058	1059	1060
College Classes	VIII Senior F. A. ..	5	11	16	16
	VII Junior F. A. ..	13	16	22	25
High School	VI Matriculation ..	17	19	27	35
	V *A* & *B* Divisions ..	14	35	37	55
Middle School	IV *A* & *B* Divisions ..	50	52	66	71
	III *A*, *B* & *C* Divisions ..	71	81	76	72
Upper Primary	II *A* and *B* Divisions ..	49	58	54	59
Lower Primary	I *A* & *B* Divisions ..	40	48	49	54
	Upper Preparatory ..	22	28	27	30
	Lower Preparatory ..	19	29	29	35
Vernacular Divisions	Upper Vernacular ..	16	19	23	20
	Lower Vernacular ..	7	12	19	25
	Total..	323	408	445	497

128. The increase is distributed nearly over all the classes which seemed to be quite full, even more so than is desirable for accurate teaching.

129. It will be seen that in the High School there are nine standards or steps between the Lowest Vernacular and the Matriculation classes, namely:—

1. Vernacular classes ...... 2 divisions.
2. Preparatory „ ...... 2 „
3. First „ ...... 2 „
4. Second „ ...... 2 „

5.	Third	classes	......	3 divisions.
6.	Lower Fourth	,,	......	
7.	Upper Fourth	,,	......	
8.	Fifth	,,	......	2 ,,
9.	Matriculation	,,	......	

130. The Director considers it possible that the Matriculation class may be reached in 9 years, so that a boy entering the Vernacular class in his sixth or seventh year would be 15 or 16 at his Matriculation. Few, however, succeed in working up thus rapidly, and if they do, their education is generally found to be more superficial than sound. It is not expected that a boy could get through the 3rd class in one year, as the work now assigned to it requires at least 18 months or 2 years, and to do it in shorter time appears to be more than even a boy of good abilities can usually effect. In all the classes up to the third promotions are regulated by the school examinations only, but in all the classes above it the boys are submitted to examinations similar to those held in the British Government Schools, and there is no chance of getting on quicker than at the rate of one class a year.

131. The average daily attendance at the High School was 417 or 88 per cent., showing fair regularity of attendance; and the average age of the boys was over 14.

132. The new admissions during the year were 119 against 129 admitted in the previous year. Of these 119, forty-three were beginners from Ernacollum; 5 were sent up from the District School at Trichoor; 6 from Muttancherry; 1 from Chittoor; and 11 from Irinjalacoday. Eleven were contributed by the Catholic Church School in British Cochin; 5 by the Palghaut Schools; 3 by the Calicut College; 5 by the Trevandrum College and 22 by the Cottayam and other Schools, while 10 had been pursuing private study.

133. As in the previous year examinations were held not only half yearly in each division, but annually with the whole class taken together.

134. The following statement shows to what castes or religions the students of the High School belong. The important classes, Brahmins and Sudras, as well as the Roman Catholics continue to be the most numerous :—

Caste or Religion.		1060.
Ambalavasis		11
Brahmins		123
Christians.	English Church	20
	Roman do.	108
	Syrian do.	25
Elavans		8
Ellayathus		2
Jews		1
Konganies		20
Kshetrias		6
Mahometans		2
Nanjanadars		10
Nayadus		4
Pandi Sudras		3
Sudras		147
Vellalars		7
	Total..	497

135. For the fifth time the students of the Upper Fourth Class were sent up for the Middle School Examination. Twenty-nine were examined with a result that nine passed in the First Class; 6 in the Second; and 8 in the Third; while 6 failed. This shows a slight improvement over last year, the passes being 79 per cent. of the total number examined, comparing favourably with the general result in the Madras Presidency.

136. In this year the Fifth Class was, for the second time, submitted to the Comparative Examination of all the Fifth Classes in the Presidency, held by the Director of Public Instruction. Last year 36 boys went up of whom 17 passed and 19 failed; some of these failures however were by a mark or two only, and 22 in all out of the 36 joined the Matriculation Class. This year the review is better, as there were 27 passes (3 being in Class I) out of 35 who were sent up. This shows a result of 80 per cent., while the average for the Presidency was 58, from which it is to be inferred that the Fifth Class was working fairly up to its proper standard.

137. Next in order of importance come the University Examinations—Matriculation and F. A. For the Matriculation the High School sent up 26 boys of whom 16 passed; 9 in the First Class and 7 in the Second, while there were 10 failures, which is but little inferior to the result of last year when 20 went up and 18 passed, 8 being placed in Class I. Of the 16 that passed in 1060, 11 have joined the F. A. Class and 5 ceased their studies in this school. Of the 10 who failed, 7 rejoined the class and are among the best candidates for the next year. Of those that obtained a First Class the two foremost were well placed.

R. Pulni Andi .... was 17th in Class I.
R. Appathurai Krishnen... 25th in Class I.

To R. Pulni Andi the stipendiary scholarship of Rs. 5 a month was allotted and a free scholarship up to the F. A. to the second student. The per-centage of passes was 72 which compares well with 49 per cent., for the whole of the students who appeared that year for Matriculation.

138. For the First Arts Examination the whole of the class (16 students) was sent up for examination, and of these 10 passed of whom 3 were in Class I and 7 in Class II, while 6 failed. This is a better result than that of last year when only 8 passed and all in Class II. Of the 10 successful F. A. men, 8 are reading for the Degrees in Arts; 4 at the Christian College at Madras; 2 at the Presidency and 2 at Trevandrum, while 2 others have been employed.

139. The following are the names of old pupils of the High School who have gained their B. A. degrees after reading at other Colleges :—

Changarampanattha Achutha Menon, B. A., who was 2nd in Class II and won the Sanskrit Prize.

M. Zachariah, 14th in Class II.

S. Anantha Krishna Iyen, 24th in Class II.

The two last have obtained posts as teachers at Calicut.

It is also to be noted that A. M. Muthunayakom Pillay and K. Narayana Marar have both taken their B. L. degrees and are practising as pleaders.

140. There has been a large increase in fees owing to augmented numbers in the Upper Classes, but with our low scale of fees the amount produced from this source will always be but a small part of the cost of the School.

141. The sales from the Book Depôt have been a little less than those of last year, and the purchases have been greater so that now the stock is somewhat larger amounting in value to over Rupees 3000. The books are all in fair condition.

DISTRICT SCHOOLS.

Trichoor.—**142**. Taking the Schools in order Trichoor claims first attention alike from its situation, its numbers and its improving condition. The increase in the number of students has continued and the general state of the School has decidedly improved. There is however much yet to be done to work it up to a thoroughly satisfactory condition as the classes are all rather below the standards they should be. At the commencement of the year 1060 Mr. Cheriyan was the Acting Head Master and he continued his superintendence of the School until December 1884 when, at his own wish, he reverted to his High School mastership, and was succeeded by Mr. P. A. Subramaniya Iyer, B. A., who had been a pupil at Ernacollum up to his F. A. grade. Under both these masters the discipline and work of the School have been very well maintained. The numbers have risen from 155 to 193 and an average daily attendance of 168 betokens fair regularity. This increase of numbers has required the addition of two fresh classes; one being a re-opening of the Lower Vernacular Class and the other an extra Class whose teacher is paid out of School funds. Class III is the highest Class, and though the Director has been petitioned to introduce Lower and Upper Fourth Classes, he does not at present see that there are sufficient grounds to justify recommending so costly an addition to the expense of the School Establishment. When the existing classes are well up to the standards the question will be considered. The inspection results show, compared with those of the previous year, generally unimportant differences, but there is a marked improvement in History.

Muttanchery.—**143**. In this School there has been no change of establishment, and though the School has become a little reduced in numbers, good work has been

accomplished under N. Nilacanda Putter, the Head Master, who bestows much care on his work of teaching. The numbers have fallen from 160 to 140 but this the Director expects will be recovered in another year. Six boys have been sent up to the High School and more would have been sent had there been room to receive them. The present classes are rather below their standards as may be inferred from the falling off in the per-centage of the inspection returns which show slightly decreased results.

CHITTOOR.—**144**. This is a purely Hindu School. There are no Christian, Mahometan or Jewish boys in it. There has been no change in the establishment in the year under report, but the numbers of the boys have dropped from 131 to 123, a very slight decrease. One boy was sent up from this School to the High School during the year, but as most of the students, when they are fit to enter the Lower Fourth Class, go to the Palghat School or to the newly-opened School at Peruvemba, both of which are so near their homes, the High School cannot expect any large supply from Chittoor. The inspection results are almost the same as last year and the School has been working well under its Head Master Strinavasa Rao.

IRINJALACODAY.—**145**. There is but little to remark about this School which remains under the charge of Sivarama Pillai. There has been no change in the teaching staff which is not a very strong one. The numbers have dropped from 88 to 76. The falling off of 12 in so small a school is a serious loss. It is strange that in a large village like Irinjalacoday where there is a large Roman Catholic population, there should be but 3 Christian boys in the School while there are 72 Hindus. The Director has not been able to ascertain that the Roman Catholics have any prejudice against the School but it

simply appears that they do not care for English education. This School sent up 8 of its pupils to the High School in the year. The inspection results show a little improvement on the whole over last year. The discipline of the School is reported as not what it should be and the work as rather languid.

KUNNENCOLUM.—**146**. The last School to review is Kunnencolum, but in point of distinction, in the inspection returns it stands foremost, as its boys obtained the best averages in English, Arithmetic, Malayalam, and Geography in which last subject it shared the first place with Chittoor. The School is working very well under its experienced Head Master G. Thariyan. The numbers have risen again a little from 173 to 177. In a Syrian town like Kunnencolum it must be expected that the Christians would form the larger part of the School, but there are 29 Hindus and it is hoped that this number will increase. There has been no change in the staff during the year. The inspection returns show good and steady work, and the whole condition and discipline of the School are very satisfactory and encouraging.

147. It is to be regretted that the grant sanctioned in aid of the Wadakancherry School has not yet been taken advantage of by the Managers. If no steps be taken by them shortly to avail themselves of it, the grant might be transferred to some other Village School. As a contrast to this, there has been an excellent movement made at Tripoonitorah to open a good School there, and a grant-in-aid of Rupees 30 has been sanctioned by the Government. The Director hopes in his next report to be able to record that this School is not only in good working order but is drawing the full amount of the grant. It is intended to bring all the aided Schools in the State under some common rules.

148. The Palace School remains under the charge of P. Sankara Narayana Chettiar, M. A., assisted by the same establishment as before. Sanction for an additional teacher for the elementary class was given in June 1885, but as four of the younger Princes were shortly after withdrawn from the School in order to devote their whole time to Sanskrit, there was no necessity of filling up the appointment. The Elder Princes now attending the School are Their Highnesses the Fourth, Fifth, Sixth, Seventh, Eighth, Nineth, Tenth and Thirteenth Princes. The Director's visits to this School showed that steady progress had been made and that the work of the masters was satisfactory. His Highness the Fourth Prince is reported to be advancing well in His studies, while the other Princes are getting to speak English with fair fluency.

149. The number of students in all the Schools of the State at the close of the year was 1,206 against 1,152 at the end of 1059, showing an increase of 54. This increase is entirely among the Hindus and Christians, while among the Mahometans and Jews a large decrease is recorded. Distributed under the four chief religious denominations there were 789 Hindus, 401 Christians, 11 Mahometans and 5 Jews.

150. The teaching staff of the Educational Department consists of 65 Masters of whom 5 are Graduates, 7 First in Arts, and 28 Matriculates; 5 who have passed the Fourth and 5 the Fifth Grade, and 15 who are ungraded. The increase of 4 over the total of teachers last year is made up by an increase of one in each of the graded ranks.

Public Works.

151. The expenditure on Public Works during the year has been Rs. 3,64,672–6–4 against Rs. 3,28,520–1–8 in the preceding year, showing an increase of Rs. 36,152–4–8. This increased expenditure has been chiefly incurred on the following accounts, viz: additional payments for the repair of the Shoranore bridge; the construction of a new bridge accross the Manalay river; the Moolatoray Irrigation works and for the new Public Offices at Ernacollum. A sum of Rs. 10,000 was also expended in the year for the renewal of old, and re-construction of other, buildings attached to the Residency at Bolghatty, while upwards of Rs. 20,000 was the outlay on Police Stations newly constructed.

152. Of the total expenditure before mentioned Rs. 1,99,560–6–5 represents the cost of works executed through the medium of the Engineer's Department, charged under the following heads:—

Buildings	Rs.	41,036–10—6
Bridges	,,	40,663—5—2
Roads and Communications.	,,	15,180–11—1
Canals	,,	6,867—8—4
Maintenance	,,	31,791–10—5
Irrigation	,,	34,326—6—7
Miscellaneous	,,	10,321–11–10
Emergent Works	,,	16,157—6—5
Contingent charges	,,	3,215—0—1
Total Rupees...		1,99,560—6—5

153. The outlay on works carried out by the Tahsildars amounted to Rupees 1,65,111–15–11.

154. The following works were under progress at the beginning of the year:—

Buildings:—

Southern Wing to the Huzoor Public Offices, Ernacollum.

Ernacollum Public Offices for Tahsildar, Moonsif and Registrar.

Police Superintendent's Office, Ernacollum.

Police Stations at Shoranore and Meenachipuram.

Bridges:—

Iron Girder Bridge of 100 feet clear span over the Manalay river.

Shoranore Iron Girder Bridge.

Renewing timber work of the Coondanore Iron Girder Bridge.

Bridge over the river at Poothoor.

Communications:—

Road from Triparat to Choverah Palace.

Road from Cuipallum Junction to Vallum.

Road from Trichoor to Alathoor Village and Monastery through Arnatcurray.

Poothoor Road—Trichoor District.

Road from Poovathumcadavu Bridge to Thiruvalayad.

Poothiai Road—Canayanore District.

Miscellaneous:—

Deepening Aratupoya Canal.

Re-constructing Peruvincherra Anicut, Perinkolum, Pallishary, Cherookolum and Chittangara Bunds in Ooragam to dam up the water for irrigation.

Ernacollum Reclamation Works.

Revetment Wall to Velakkathala Cherra bund in Kootoor.

Arnatcurray Canal diversion.

Southern Wing to Huzoor Public offices. Police Superintendent's Office .... New Police Stations at Shoranore and Meenachipuram.	Completed and occupied during the year.

Public Offices for Tahsildar, Munsiff &c.—The main roof was tiled as well as a portion of the verandah—the other works are under progress.

Manalay Iron Girder Bridge:—The iron girders arrived from England and were fitted up and the bridge opened for traffic before the setting in of the S. W. Monsoon.

Shoranore Iron Girder Bridge.—The work at this bridge was resumed after the rains, the masonry of the new Pier finished and the protective works and stone flooring completed. The whole of the wood work was renewed and the new large Iron Girders fitted up and the bridge opened for traffic before the commencement of the S. W. Monsoon.

Coondanore Bridge.—The work at this bridge was completed during the year under report.

Bridge over the river at Poothoor.—The masonry work of this bridge was finished, but, owing to the difficulty of procuring timber in long lengths, the bridge could not be opened for traffic.

Road from Triparat to Chowerah and from Cuipallum to Vallum.—The former road was finished, but the slopes of the embankments have been damaged by the floods; of the latter road a portion remains to be completed.

The following works were completed during the year:—

Road from Trichoor to Alathoor village and Monastery.

Poothoor road—Trichoor District.

Road from Poovathumkadavu bridge to Thiruvalayad and the Puthiai Road—Canayonore District.

The deepening of the Aratpoya Canal; the re-construction of the Peruvinchera Anicut; the Revetment Wall to Velakkathala chera bund in Kootoor; the Perinkolum, Pallishary, Cherookolum and Chittangara Bunds in Ooragum to dam up the water for irrigation purposes; and the diversions of the Arnatcaray Canal at the entrance of the Trichoor Lake.

Reclamation works at Ernacollum.—The ground reclaimed this year measures about 1,418 square yards including the new rough stone revetment wall facing the back-water. Portions of the former reclamation were raised and repairs executed to the revetment walls.

155. The following new works were commenced during the year under report:—

BUILDINGS:—

Assistant Resident's Bungalow—Bolghatty.
New Police Station at Chittoor.
Do. do. Nellaye.
Do. do. Anthicaud.

BRIDGES:—

Caruvanoor Bridge repairs.

COMMUNICATIONS:—

Road from Pooliarkovil in Chittoor bazaar to Theke Gramom.

Branch road from Tattamungalom to Muttupollum through Tattamungalom tharay, Chittoor District.

Branch road from Meenachipuram to Moolatoray—Chittoor District.

Road from Colungode boundary on Vitnashery road to Caniamungalom on Poovathumkadavu road—Chittoor District.

Branch road to Erchampathy village from Nadapoony road—Chittoor District.

Re-metalling road from Ferry to Tripoonitorah Eastern Fort-Gate.

Irrigation Works :—

Raising Moolathoray Anicut, Chittoor District.

Moolathoray Irrigation Canal.

Building a new anicut across village canal—Trichoor District.

Extension of Chembichery Revetment wall, building anicut and deepening canal, Trichoor District.

Raising the Manargat Bund, cutting canal, &c., for the protection of the paddy fields in the Nellangaray Lake—Trichoor District.

Re-constructing the masonry work of Poonamcolum, Attathode, Akarapooratha and Kutticadamba cheras—Trichoor District.

Deepening Canal and building Revetment wall at Veyoor for raising water to irrigate 5,000 paras of land.

Extension of the Akarapooram Revetment Wall.

Building Sluices to the Chittoor or Nooranee Irrigation Canal.

Miscellaneous :—

Repairs and extension of the Narrakel Pier.

Deepening Narrakel Canal and Sheet piling the basin at Narrakel.

Malippooram Pier and Jetty.

Deepening Perinthode Canal — Mookoondapuram District.

Opening a new diversion of Canal from Puthenthode Canal to the Trichoor Lake.

Constructing granite revetment wall and steps to the Anampillay Tank—Chittoor District.

Repairs to the large Chatacolum Tank—Talapilly District—including cleaning out the silt, building masonry retaining walls, steps &c.

Works in the Trichoor cantonment, including the new Trichoor Rifle Range; putting up a lightning conductor to the Magazine; building a new male latrine; tiling with Calicut tiles and repairs to the Bungalow occupied by the Officer Commanding.

Repairs and alterations to the High School Ernacollum; Bolghatty Residency; Cullicotta Bungalow and other miscellaneous works.

Assistant Resident's Bungalow, Bolghatty.—In consequece of the old Bungalow being in a dangerous state, it was resolved to pull it down and replace it by a more commodious building. The foundations were laid and the superstructure of the main walls commenced, but the very heavy rain during the latter part of the year delayed the masonry works.

New Police Stations at Chittoor. Nellaye and Anthicaud.—These were taken in hand and completed during the year.

Caruvanore Bridge repairs.—About one-half of the timber work of this bridge was renewed, the remainder had to stand over until after the Monsoon as the bridge was required to accommodate the traffic, the river being in flood.

Road from Poolliarkovil in Chittoor bazaar to Thekke Gramom.—The earthwork was completed and culverts constructed and a portion of the road metalled.

Branch road from Tattamungalom to Mattupolum through Tattamungalom Thary.—This road commences in Tattamungalom bazaar, skirts Tattamungalom Thary and meets the Bandythavalom road at Mattupollum. Owing to the estimate having been sanctioned in the hot weather, the earth work was only partly done but the culverts were constructed and metal collected.

Branch Road from Meenachipooram to Moolatoray.—The earthwork of this road was all completed and granite metal collected.

Road from Collungode boundary on Vitnasherry road to Kaniamungalom or Poovathumcadavoo road.—This short length of road connects the villages of Iyloor, Thiruvalayad, and other places with the Vitnasherry or trunk road between Wadakancherry and Nemaray. As the estimate was sanctioned only late in the year; the earthwork was only partly done and metal was collected.

Branch Road to Erchampathy Village.—This road connects the village with the Nadapoony or trunk road between Colinjampara and Chittoor; part of the earthwork was finished, granite metal collected and culverts constructed.

Re-metalling Road from Ferry to Tripoonitorah Eastern Fort-Gate.—Two and a half miles of this road have been re-metalled, it is an important one being the trunk road between Ernacollum and Tripoonitorah.

Raising Moolatoray Anicut.—To obtain sufficient water in the Moolatoray Irrigation canal it was necessary either to deepen the large rock cutting or to raise the level

of water in the river by increasing the height of the anicut. The latter plan, besides being the cheaper of the two, considerably strengthened the work, as an entirely new anicut was built in front of, and bonded into, the old one; the brick work has all been built in Soonkee morter and plastered with Portland Cement. The work was completed before the monsoon and the water turned down the Irrigation canal in the month of May, much to the satisfaction of the land owners.

Moolatoray Irrigation Canal.—Another $2\frac{3}{4}$ miles of this canal was opened during the year and water distributed as far as Chumameeranpully, the total length of canal now open being 15 miles. The canal will be opened throughout early next year or in time to irrigate the paddy fields round about Tattamungalom.

Two new revetment walls have been constructed on the 2nd mile and the Cambulathoray Tank bund (which breached last year) has been strengthened and masonry works constructed.

156. The undermentioned works were completed before the setting in of the S. W. Monsoon:—

New anicut across Vellaye canal—Trichoor District.

Extension of Chembicherry revetment wall, building anicut and deepening canal—Trichoor District.

Raising the Manargat Bund, cutting canal, &c., for the protection of the paddy fields in the Nellangary Lake—Trichoor District.

Re-constructing the masonry work of Poonamkolum, Attathode, Akarapoorathu and Kutticadamba cherras—Trichoor Distrct.

Deepening Canal and building Revetment Wall at Veyoor for raising water to irrigate 5,000 paras of land.

Extension of the Akarapooram Revetment Wall and new sluices to the Chittoor or Nurnee Irrigation Canal.

Of the Miscellaneous Works the Narrakel Canal was deepened and the Sheet Piling to the basin executed; the Narrakel pier was repaired and extended to facilitate the shipping and landing operations.

Mallipooram Pier and Jetty.—Twelve timber piles of the Pier were placed in position but were washed away in consequence of the sea encroaching. Eight of the piles were recovered, but it was found impossible to continue the work as the sea was very rough and the surf high. The materials were transferred to Narrakel and used for the new southern pier opposite the British India Company's godowns.

Narrakel Southern Pier.—This work having been commenced late in the year, only a few piles were driven owing to the frequent interruptions consequent on the burst of the S. W. Monsoon. This pier will be found of great advantage to the merchants especially at the commencement of the season before the mud on the beach has been dispersed.

Deepening Perinthode Canal.—A portion of this canal was deepened, the remainder had to stand over on account of objections raised by the adjoining land owners.

Opening a new diversion from Poothenthode Canal to the Trichoor Lake.—This work was taken in hand and completed during the hot weather. It forms a portion of the Navigation Canal between Trichoor and Cochin. The other Miscellaneous works were all completed.

Maintenance.—The Moolathoray and Nurnee Irrigation Canals as well as the roads were maintained throughout the year.

A detailed statement of the sums expended during the year on works commenced, completed or in progress is annexed :—

No.	Works.	Expenditure of 1060. Rs.	A.	P.
1	For replacing the Iron Girder of the Shoranoor Bridge portion of which had fallen and for constructing a retaining wall......	24,000	0	0
2	Further payment for the construction of an Iron Girder bridge across the Manaly river.	18,000	0	0
3	Additional payment for forming a junction canal from the east of the Moolathora Dam to Thatthamungalom, through Kalla Menon's canal........................	17,000	0	0
4	For metalling the road from Ernacollum landing place to Tripoontorah eastern Fort.	5,000	0	0
5	For renewing the wood work of above bridge.	5,000	0	0
6	For maintenance of Vaniampara road......	4,800	0	0
7	For contingent charges and stores for the Department Public Works............	4,789	4	3
8	For deepening the canals that branch off from Karavanoor river and for constructing culverts................................	4,142	13	8
9	For raising the Anicut at Moolathoray......	4,045	0	0
10	Additional payment for raising the ground bordering the backwater at Ernacollum and for making roads and culverts connected with it.........................	4,000	0	0
11	For maintenance of Nadoopuny road......	3,300	0	0
12	For repairing the road from Thathamungalom to Mettapoliam.........................	3,090	0	0
13	For maintenance of Karoopadunam road..	3,026	14	7
14	For do. of Shoranoor do...	3,000	0	0
15	For deepening the canal from Ernacollum to Tripoontorah.........................	3,000	0	0
16	For deepening Peroomkolam cherra and constructing sluices.....................	3,000	0	0
17	For repairing the Chatukolam tank near Chowghaut road and constructing a retaining wall..............................	3,000	0	0
18	For repairing the Kannamkolangara road at Tripoontorah.........................	2,927	6	6
19	For repairing the road from Vandithavalom to Moolathoray......................	2,910	0	0

No.	Works.	Expenditure of 1060. Rs.	A.	P.
20	For diverting the canal from Aranattookarah to Manakodi Lagoon.................	2,900	0	0
21	For opening a road from Puthiakavu to join the Chottanikara road.................	2,297	0	0
22	For opening a road from Karookutti to Chukidikad.........................	2,226	2	4
23	For deepening and diverting Oondakadavoo canal..	2,022	2	0
24	For deepening the canal from Panakuty cherra to Cannimungalom......	2,000	0	0
25	For improvements to Annempilly Tank.....	2,000	0	0
26	For repairing the road from Annempilly to Theke Gramom.........................	1,940	0	0
27	For constructing a jetty at the Landing place at Mallipurom.................................	1,864	0	0
28	For repairing the road from Nadupoony to Ellinthempathy	1,794	0	0
29	For extending by one hundred feet the jetty at Narrakal..................................... ..	1,784	0	0
30	For maintenance of Munkilmada road.........	1,760	0	0
31	Additional payment for constructing a road to the Convent via Arnattookara...........	1,724	0	0
32	For constructing a bridge on Payavoor Thodo canal...	1,723	7	8
33	For renewing the Sirkar banksalls in the Mattancherry bazaar.........................	1,652	1	6
34	For opening a road from Anamanada to Mala.	1,542	1	5
35	For deepening the Ellangoonapoya canal......	1,523	12	3
36	For deepening Padyil canal in Pathinattarayalom Proverthy.........................	1,500	0	0
37	For repairs &c. to the Chittowgat cherra......	1,500	0	0
38	For deepening the Narakal canal and basin...	1,500	0	0
39	Additional payment for constructing a road from Chermalli bridge to the foot of the Vallangi hills.........................	1,500	0	0
40	For constructing a bridge three feet wide across one of the irrigation canal...........	1,496	0	0
41	For maintenance of Erumapatty road......	1,380	10	2
42	For repair of Sirkar dams at Kullupilly built for the protection of paddy lands*.......	1,278	4	0
43	For maintenance of Vandithavalom road......	1,205	4	7
44	For maintenance of Kunnamkolam road from Trichoor..................................	1,200	0	0

No.	Works.	Expediture of 1060. Rs.	A.	P.
45	For opening a road from Chittoor to Cheranalloor..........	1,148	11	5
46	For constructing the Omangode and Vellongode cherras in Paravattani Proverthy and deepening the channel..........	1,142	13	8
47	For maintenance of Kandomkurchimad road.	1,135	5	10
48	For improving and strengthening the existing wall to the south of the Palace at Choverah.	1,039	8	7
49	Additional payment for the construction of a new retaining wall to Ditto..........	1,000	0	0
50	For repairing Kunnamkolam road near Poovathumkadavoo..........	1,000	0	0
51	For maintenance of Pallayanoor road......	1,000	0	0
52	For deepening two feet the Cheramancherra canal..........	1,000	0	0
53	For deepening &c., the canal in Veyoor Padom..........	1,000	0	0
54	For repair to Valloocherry cherra and constructing sluices..........	1,000	0	0
55	For enlarging the retaining wall of Akkarapurath cherra..........	1,000	0	0
56	For repair of Karoovanoor bridge..........	1,000	0	0
57	For maintenance of Shalacoody road from Trichoor..........	1,000	0	0
	Total Rupees..	1,74,810	12	5

	Grand Total..				3,64,672	6	4

Forests.

157. In the year under report 2,638 Teak logs, taldoms and saplings measuring 2,877 candies, and 126 blackwood logs measuring 320 candies were delivered at the depôts of Ernacollum and Ponany.

158. A number of teak trees of large dimensions discovered on the Pothoondoo hills in the previous year were felled and logs prepared and brought down to the river side, ready to be floated down to Ponany.

159. The amount realised by the sale of teak and blackwood logs was Rs. 63,720-10-5 including the value of the timber supplied to the Public Works Department which was Rs. 10,424-14-3.

160. The amount received on account of the Chittoor teak forest was Rupees 39,338—5—5 against Rs. 64,932-2-3 in the previous year showing a decrease of Rs. 25,593-12-10 which is due to a smaller quantity of timber having been removed by the contractors.

161. The revenue and expenditure of the Forest Department are given in the following abstract:—

Receipts.

Sale of teak logs	Rs.	47,788— 8— 6
Sale of blackwood logs	„	5,507— 3— 8
Value of timber delivered to D. P. W.	„	10,424—14— 3
Received as royalties and from other sources	„	29,118— 3— 5
Sale of Forest produce	„	587—10— 3
Total Rupees...		93,426— 8— 1

Expenditure.

Cost of Forest Establishment	Rs.	14,199— 8— 4
Ernacollum and Ponany Depôt Establishments..	„	564— 0— 0
Contingencies	„	1,130—10— 3
Forest working charges	„	30,505— 6—11
Total Rupees...		46,399— 9— 6

162. The excess of receipts over expenses amounts to Rs. 47,026–14–7 not including the probable value of 6 tuskers and 3 female elephants caught, which may be taken at Rs. 12,000.

163. There has been an increase of Rs. 4,749–5–4 in forest charges over the expenses of 1059 which is chiefly due to the special outlay incurred for cutting and prepairing timber at the Paravattany and Pothundu hills for transmission to the depôts.

Teak Plantations.—**164.** During the year 14 acres of land were reported to have been cleared; 769 acres were weeded; 370 pruned; and 14 planted. Fire traces were also drawn in all necessary directions and bridle paths swept clean and chipped as a protection from fire. Plants to the number of 10,761 were taken from the Nursery for planting, but a greater number still remains for future planting. There are in all 24 plantations spread over a total area of 615 acres. The condition of the plants, about 10,761 in number, is reported to be good generally. The plants have reached an average height of 30 feet and an average girth of 13 inches. The total expenditure on the plantations was Rs. 4,119–12–10 against Rs. 6,878—13—2 in the previous year. The decrease is owing to no felling having been carried on through scarcity of labour and the field of operations having been more limited.

165. The Cardamom Plantations have for some years been worked at a loss to the Sirkar owing to extensive smuggling across the frontier in the directions of Coimbatore, Malabar and Travancore. Arrangements are in contemplation to place the hills under proper management.

Medical.

166. From the report submitted by the Medical Officer to this Government the following particulars are gathered:—

Civil Hospital Ernacollum.—**167**. There were 307 in and 4,643 out-patients during the year against 390 and 4,669 respectively in the previous year. The deaths in hospital were 38 chiefly from general dropsy, parturition and dysentery. Of the 307 in-patients 102 dieted themselves and the rest were maintained at the cost of the State. Care was taken not to diet patients who were in a position to support themselves or who were not the subjects of the State. This accounts for the slight decrease in the admissions. Thirteen major and 117 minor operations were performed during the year, and 19 women were relieved in child birth in the hospital and 33 were attended to out side. Eight of the midwifery cases in the hospital proved fatal owing mainly to delay and bad treatment before coming to hospital.

Mrs. Mackay resigned her place as nurse in May last and the Sirkar is desiring to obtain a native Midwife to take her place.

In October 1884 there was an outbreak of cholera at Ernacollum which caused 28 deaths in about a fortnight. The epidemic ended as abruptly as it began. Great attention was paid to the sanitation of the place. The employment of four scavengers and an out-door inspector was sanctioned and they were placed under the orders of Mr. R. Gunther. The Jailor at Ernacollum was also directed to place a small batch of prisoners at Mr. Gunther's disposal for sanitary work. The Public Works Department, the Sessions Judge of the place, and

the Deputy Peishkar were also desired to render such assistance as was required. The bazaars and fish market were kept as clean as circumstances permitted by the scavengers, but from the want of discipline among the convicts they were not found as useful as was desired.

Civil Hospital Trichoor.—**168**. There were 239 in and 2,763 out-patients during the year against 253 and 2,879 respectively in the preceding year. There were 23 deaths among the in-patients and 16 are known to have occurred among the out-patients. Three capital, 132 minor and 6 obstetric operations were performed during the year. Small-pox prevailed to a great extent in and about Trichoor during the early part of the year, and in the months of May and June the town was visited by an epidemic of cholera. One hundred and fifty-three cases of the disease were reported of which 121 proved fatal.

Out-Door Dispensary Chittoor.—**169**. There were 3,823 cases treated during the year. The most common diseases in the district are ague, rheumatism and ophthalmia. Small-pox and cholera prevailed throughout the year in several parts of the district.

170. The large and spacious Hospital at Ernacollum, well provided with drugs and appliances, is no doubt a source of substantial benefit to those resorting to it. The numerous surgical and obstetric cases that were treated tend to show that the work done therein is appreciated by the public and that the hospital is answering its purpose.

171. At Trichoor there does not appear to have been any noticeable improvement in the class of cases, the patients coming for treatment consisting chiefly of infirm paupers.

The out-door dispensary at Chittoor has not been inspected since it was opened in May 1883, but fair work appears to have been done, as may be seen from the monthly and yearly returns of the sick.

VACCINATION.—**172.** The returns of the vaccine department show a total of 12,537 operations, of which 11,778 are reported successful and 759 unsuccessful.

Miscellaneous.

Postal.—173. During the year 65,138 official communications, 348 books, 1,887 banghy parcels and 3,374 news-papers were carried by the Sirkar Post on the Public Service, and 23,095 letters, 3 books, 92 banghy parcels and 9,130 newspapers on private account. The amount of postage collected was Rs. 969–7–7 against Rs. 893–1–8 in the preceding year.

Military.—174. The Sirkar maintains a small force of infantry consisting of about 330 men which is chiefly employed as military guards. There are 4 guns used for firing salutes and a small detachment of artillery composed of 2 non-commissioned officers and 18 gunners. The Body-guards in attendance on His Highness the Rajah consists of 1 Jemadar, 1 Havildar, 1 Naigue and 9 troopers.

Press.—175. The value of the work executed at the Sirkar Press during the year is estimated at Rs. 5,542–6–0 against Rupees 5,788–8–0 in the previous year. The contingent charges including cost of printing materials amounted to Rs. 292–8–4.

Population.—176. According to the last census taken on the 17th February 1881 the population was returned at 6,00,278 persons; consisting of 4,29,324 Hindus, 1,36,361 Christians, 33,344 Mahometans, and 1,249 Jews.

Financial.

177. The following table exhibits the income and expenditure of the State for the year under report and the one preceding, as well as the cash balances at the close of each year :—

Balance to be carried to the credit of the succeeding year	5,69,188	5	11	5,78,950	13	6
Grand Total...	22,07,996	11	3	21,97,570	2	4

178. The causes of the increase or decrease in the first 7 items of Revenue have already been explained under their proper heads.

179. There is an increase in the receipts on account of interest on Government Securities of Rs. 8,130-0-0 which is owing to only a part of the interest on the previous year's investment having fallen due in that year, while the remainder was recovered in the year under report. A further investment was made in 1060 and a half year's interest upon it drawn in the same year.

180. The Miscellaneous Revenue shows a decrease of Rs. 12,757-14-5 which is chiefly under the heads of "Sundry goods" and "Extra revenue." The royalties levied on jungle wood and bamboos removed from the forest were less than in the previous year, while the double duty recovered in 1059 for unauthorised felling of timber is not present in the accounts of the year under report. Moreover the refunds from the Public Works Department on works executed below the estimates and the repayments on account of advances made for substituting tiled for thatched roofs to houses in crowded localities as a precaution against fire, were less than in the year previous.

181. In Disbursements there is an increase of Rs. 6,005-0-1 due to the allowance to Her Highness the Walia Amah Rajah having been raised by Rs. 500 per mensem during the last five months of the year, and stipends settled on the 13th and 14th Princes.

182. The expenditure on Religious Institutions was increased by Rs. 3,457-2-10 and that on Charitable Institutions by Rs. 1,658-9-11. In both cases the result was caused by the higher prices of provisions ruling in the market.

183. The increase of Rs. 1,890-2-11 in the Administrative Establishment is accounted for chiefly by the enhanced salaries granted to the Peishkars, some of the Tahsildars and other public servants.

184. The small decrease of Rs. 411-9-4 in the Judicial Establishment calls for no remark.

185. Under the head of Education an increased expenditure appears of Rs. 8,888-6-2, but this increase is more apparent than real, the expenses on account of the Palace School which were formerly included in the Administrative Establishment having been transferred to that of Education. Increases of pay were also given to certain teachers of the High School and the District Schools.

186. The new Police having taken up during the year all the taluqs in which the system had not been previously introduced, the additional establishment required explains the increase of Rs. 3,764-14-11 in Police expenditure.

187. There is hardly any perceptible difference in the Military charges.

188. The amount of pensions paid has been enhanced by Rs. 159-6-2 owing to a few minor grants having been made to retired public servants.

189. The increased expenditure of Rs. 36,152-4-8 on Public Works has already been explained in para 151.

190. The Charges Extraordinary, showing an increase of Rs. 20,849-3-2, were partly incurred on account of the visit of H. E. the Governor in September 1884 and of Their Highnesses the Eliah Rajah and the First Prince of Travancore at a later period. Large advances were also made during the year to enable owners of thatched buildings to provide tiled roofing.

191. The Miscellaneous expenses show an increase of Rs. 7,804–10–1 which is chiefly under the heads of Forest charges, dieting prisoners in Jails, thatching public buildings and cost of stationery for different departments.

192. The revenue of the year under report amounted to Rs. 16,28,381–12–5 as against Rs. 15,99,009–9–5 in the previous year; and the disbursements to Rupees 15,23,493–15–1 against Rupees 14,33,285–7–6.

193. The year 1060 opened with a cash balance in the Treasury of Rs. 5,69,188–5–11 brought over to credit from the preceding year; and the receipts of the year having exceeded the expenditure by Rs. 1,04,887–13–4, the balance at the end of the year should have been Rs. 6,74,076–3–3; but as Government Securities to the amount of Rs. 1,00,000 were purchased at a cost of Rs. 95,125-5-9 the balance stands at Rs. 5,78,950-13-6.

194. Besides the above cash balance the State holds Government Securities of the aggregate value of Rs. 29,07,000 and goods in stock of the estimated value of Rs. 1,10,820–4–3, making a total to its credit of Rupees 36,16,771–1–9.

195. The revenue for the current year has been estimated at Rs. 15,71,269–11–6 and the expenditure at Rs. 14,63,840–2–0, so that a surplus of Rs. 1,07,429–9–6 is anticipated at the close of 1061.

HUZOOR CUTCHERRY,
CHOVERAH IN COCHIN,
14th April 1886.

T. Govinda Manone,
Dewan.
